

```

1  * SYNTAX for "Association between intrinsic capacity and disability before death among older adults:
  a decedent cohort study"
2
3  * STATA version: StataNow 19.5, MP-Parallel Edition
4
5  * STATA citation: StataCorp. 2025. Stata Statistical Software: Release 19. College Station, TX:
  StataCorp LLC.
6
7  * Data access statement: Requests for access to data from the Precipitating Events Project for
  meritorious analyses from qualified investigators should be directed to Thomas M. Gill
  (thomas.gill@yale.edu). Processing and analytic code (Stata, Mplus, R, and SAS), as well as the text
  and visual outputs of all TVEM analyses, are available in the GitHub repository at
  https://github.com/OliviaMalkowski/TVEM-intrinsic-capacity.git.
